Logs New Auto Route—Browned
by the hot sun and winds of the Ne-
vada desert, J. D. Larson, secretary
of the Ogden Publicity bureau, has
returned home after spending two
weeks in search of a more practicable
auto route between the Utah state
line and Reno. The route selected
by A. L. Westgaard was not re-
garded as suitable, but Secretary Lar-
son believes that he has logged the
proper trail for the transcontinental
highway. It parallels the Southern
Pacific tracks from Ogden to Reno
and is said to be a more direct route
than that laid out by Westgaard.

Recover Stolen Auto—Undamaged
except for scratches in the varnish
of the body, an automobile belonging
to A. G. Tribe which was stolen Sat-
urday evening, was found by the police
yesterday morning on Lincoln
avenue between Twenty-first and
Twenty-second streets. It is believed
that the car was taken by joyriders,
who abandoned it in the street after
completing their trip. The auto was
taken from in front of the G. H. Tribe
& company liquor store, 355 Twenty-
fourth street, at 9:30 o'clock Sat-
urday night.

the fall and winter social season at
the Third ward will take place in
the ward hall on Wednesday even-
ing, when a dancing party will be
given under the auspices of the
Young Ladies Mutual Improvement
association of the ward. The chair-
man of the ward amusement com-
mittee announces that the dancing
surface is in splendid condition and
this, with the fact that the young
ladies have secured the services of
Crawford's orchestra, should presage
a large attendance of dance lovers.
Programs will be furnished and dan-
cing will commence promptly at 9
p. m.

RACKHAM—Katherine Rackham,
the 16-year-old daughter of Mr. and
Mrs. W. G. Rackham, died at the fam-

Wrights' Store News

Attractive Features at the Big Store Which Will Make This Week Another Very Busy One.

Our Sewing Machine

If you had bought a Free Sewing
Machine before we took the ag-
ency you would have paid for it \$75.
And judging from the prices and
values of other machines, you
would not have paid too much.
In taking the agency for the
Free Sewing Machine we bought a
straight carload of them—we paid
cash for the entire shipment. We
secured the saving which the car-
load rate means in freight, and be-
cause of these features we are able
to make the price \$35 instead of
\$75. Also we give you the advan-
tage of the club rate, which means
that you may pay the bill at the
rate of \$1 a week—\$2 down.

The Sale of Blankets

The September Sale of Blankets
is in progress in the Economy
Basement. This sale is the result
of large, early buying on our part,
the manufacturers giving us the
lower price in order to have the
shipment come to us before the
regular season. The savings now
offered are from one-fourth to one-
third, and we invite you to make
the selections now and allow us to
hold the package for you until you
need it. Every kind of blanket
from the cheapest cotton to the
very best pure wool.

Munsing Wear Is Ready

The comfortable Munsing Un-
derwear is ready now—ready in
union suits or two-piece suits, and
for every member of the family.
Munsing Suits have a comfortable
way of fitting that is not found in
the average suit, and one of the
most attractive features is that the
shape cannot be washed out—your
Munsing Suit comes from the
laundry in exactly the same shape
as it came from the store. From
the little suits for the little two-
year-old or for the parents—at
ready for you now.

The Richelieu Union Suit

A new Union Suit for ladies has
been designed which will be found
especially adapted to the modern
figure. The waist of this new suit
is made light weight—much lighter
than the other part of the gar-
ment. The advantage, you'll find,
in no bunching or binding at the
waist. It is just as comfortable as
a two-piece suit with the advan-
tage of the union. You'll enjoy
seeing these suits at the counter.

Pony Hose Wear Long

There is no better stocking for
boys and girls than the famous
Pony Hose. Indeed, so great is the
demand for this excellent hosiery
that we have had difficulty in
keeping them in stock. The fall
shipments are here now and in all
sizes and all weights—for boys and
girls are ready. Pony Stockings
sell at 25c a pair and they are
worth the money.

New High Cut Shoes for Girls

High cut shoes for girls are
ready today—a new shipment. They
are offered in all sizes from the
first girls' size of 5 1/2 to those
sizes which are wanted by the
growing girl whose shoes are nearly
as large as her mother's. These
high cut shoes are tremendously
popular and there will doubtless be
a quick demand for them as soon
as this announcement is read.

Ladies Suits Special \$15

If you want to pay \$15 for a
ladies' suit we can supply one
which is a remarkable value at
that price. We can also supply
suits at any other price that you
wish to pay. But this \$15 suit is
an exceptionally good one at the
price. The jacket and skirt are
made in smart new styles and the
materials are very good looking for
a suit at this price.

The New Coats

In a good many seasons we have
not had so many requests for coats
as those which are now being re-
ceived for the attractive patterns
of this fall. The new three-quarter
lengths with the cutaway fea-
ture and the attractive draped ef-
fects are decidedly handsome.
Many women are buying coats in-
stead of suits, because of the at-
tractive styles. In all materials
we have them at any price one
wishes to pay from \$10.95 to \$75.

The Pictorial Review

Get a copy of the handsome Pic-
torial Review (November issue)
and see the attractive styles which
are made by this company. You'll
like the Pictorial Review Patterns
—they have a way of fitting that is
not found in others, and we think
the fashions are very much hand-
somer. Pictorial Review Patterns
are now being sold instead of the
Butterick Patterns. Free fashion
sheets are to be had at the counter.

New Records for Phonographs

No matter what machine you
have—it will play Harmony Re-
cords. A small wooded thimble,
which we give away, fits over the
pin of your phonograph, making it
right for these excellent records.
There is a shipment of about five
hundred of the newest titles—con-
taining all of the popular selec-
tions in song and instrumental.
And the best feature of the Har-
mony Records are all 65c with
only an occasional charge of 2c to
4c for copyrighted ones.

PAY-AS-YOU-ENTER IS BUILDING ACTIVITY IN TO BE TRIED ON THE BUSINESS OGDEN CARS DISTRICT

Since building a double track on
Washington avenue, south from Twen-
ty-eighth street to Thirty-second,
Manager P. D. Kline of the Ogden
Rapid Transit company, says people
boarding the car going north from
Thirty-second street must approach
from the east side. Before the west
track was built it was necessary for
the people to board the car from the
west side because of poles in the cen-
ter of the street which were on the
east side of the single track. The
poles have been removed and it will
not be necessary to continue the prac-
tice of getting on the cars from the
wrong side.

Manager Kline also states that, in
the course of a few months, the pay-
as-you-enter system will be instituted
in Ogden. The plan works well in
large cities, and is a success in Salt
Lake. Under this plan, those riding
on street cars, are required to have
their fares ready when they enter
the conductor remaining in the vesti-
bule as a collector, and he is ex-
pected to make change. It is claimed
by street car men that the system ex-
pedites car traffic and obviates a great
deal of unpleasantness.

CONFERENCE OF THE NORTH WEBER STAKE

The quarterly conference of the
North Weber stake was held yester-
day in the Tabernacle and was largely
attended.

President James Witherspoon de-
livered an interesting report on his re-
cent trip to Nevada, which is part
of North Weber stake.

Dr. Seymour B. Young was the
speaker at the morning session. His
subject was the differences in the va-
rious forms of religion. Apostle An-
thony W. Ivins spoke on much the
same lines in the afternoon.

WALTER P. MONSON ON MAN'S DESTINY

Walter P. Monson, president of the
Eastern States mission, was the speak-
er at the Fifth ward last night, where
he addressed the Mutual Improve-
ment association. The subject of the
address was "Man's Origin and Des-
tiny." There was a large attendance.
A special musical program added to
the interest of the evening.

President Monson is to leave for
New York October 11 to take up the
duties formerly attended to by the
late Ben E. Rich.

PAY-AS-YOU-ENTER IS BUILDING ACTIVITY IN TO BE TRIED ON THE BUSINESS OGDEN CARS DISTRICT

Concrete men are building cement
bases for the reinforced columns of
the Parry block on Washington ave-
nue and Twenty-third street. The
bases will be about six feet square.

Plasterers are putting on the fin-
ishing touches on the interior of the
George H. Tribe and company store
building, between Twenty-third and
Twenty-fourth streets, on Washington
avenue, and the place will be occu-
pied within the next two weeks.

After a brief respite, including a
part of Saturday afternoon, and all
day yesterday, the regular force of
men began work on the Eccles sky-
scraper again this morning. Con-
creting is proceeding on the upper floors
and brick masons are above the sec-
ond floor with their work. Most of
the crumbled down wall of the former
Fred M. Nye store building has been
removed and it is expected that ex-
cavating will begin within the next
day or two. It is planned to begin
steel construction about October 20.

VACANCY FILLED IN SIXTH WARD

To fill the vacancy caused by the
resignation of Joseph E. Wright, who
is moving from the ward, Thomas
Clark was chosen first counselor to
Bishop O. M. Sanderson of the Sixth
ward at the meeting last night. The
new counselor was formerly stake su-
perintendent of the Stake Sunday
schools.

Among those who spoke at the meet-
ing were President C. C. Richards,
Bishop O. M. Sanderson and Presi-
dent Thomas McKay.

VERDICT IS GIVEN IN DAMAGE CASE

The jury in the case of the Farr
Development company against the
Ogden Ice company, Saturday after-
noon, after deliberating about six
hours, rendered a verdict giving the
plaintiff judgment in the sum of \$250.
The plaintiff company claimed that
the Ice company owned \$25 as rental
for certain ice ponds on Ogden
river, near Glenwood park, while the
defendant company contended that it
had suffered damages because cer-
tain refuse had been drained into
the ice ponds and sheep had been
grazed over the ponds. The judg-
ment cut down the amount claimed
for rental and found no cause of

action in the defendant company's
counter-claims.
The attorney for the defendant
has been given ten days in which
to make a motion for a new trial.

LEWIS WINS PRIZE ---SCHOOLS ARE TO HAVE BANDS

To the Lewis Junior high school
was awarded the cash prize of \$50
for appearing in the high school
parade on the opening day of the
Fashion Show with the greatest per-
centage of school enrollment. The
roll was called on the morning of
the parade, but it took some time to
compare figures. In awarding the
prize the committee praised the or-
iginality of the schools and all
schools were commended for the ex-
cellent showing made.

The money is to be expended for
band instruments, according to J. M.
Mills, city superintendent. It is the

plan of the superintendent to organ-
ize small bands in each of the junior
high schools and a large one in the
Ogden high school. According to
present plans, the junior schools are
to have bands of from 12 to 15 pieces
while at the high school a 40-piece
band will be organized. Already the
instruments have been selected, but
no orders have been sent in.

Superintendent Mills is confident
that the high school will have an
excellent band after the plan of
having junior bands goes into ef-
fect. The musicians will receive pre-
liminary training in the lower schools
so that ambitious members may be
taken up when the high school is
reached. On special occasions the
bands of the four schools will be
combined.

THE GENUINE ROUND OAK
HEATING STOVE—the
most famous stove in
the world. This is the one you
have always heard about—the origi-
nal—the genuine. It is known
as the stove that holds the fire,
that saves the fuel, that lasts and
gives out heat just as desired be-
cause it is made and fitted so good
and carefully that it is as easily
regulated as a lamp. It burns suc-
cessfully hard and soft coal, coke
or wood. With soft coal it makes
the finest fire possible, because of
its double fire pot, cone center
grate and hot blast draft. It burns
the gases and soot and makes the
smoke clear. It makes no clinkers.
It heats the floor under and around
the stove.

There is but one Round Oak—
there is no other
